

The Auctioneer Newsletter

December 15th was the night to celebrate the accomplishments of our JAG participants. We kicked the night off with an outstanding interactive conversation with panel and breakout sessions to follow. Then presentation of awards. There was something to take away from this event by all.

JAG WPDE FIELD STUDY

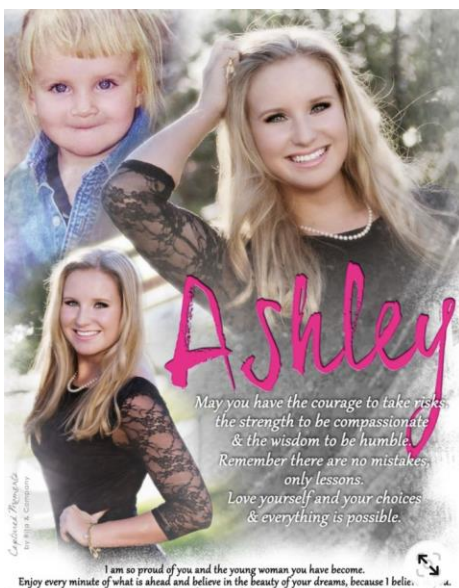

Mullins High School JAG students, along with Caresa Dozier, JAG Specialist and Tanisha Tennie(Career Development Facilitator) went on an educational field study to learn about the many opportunities available at WPDE News Station in Conway. We had the chance to tour and meet Ed Piotrowski (Head Meteorologist). During the visit, we learned about the credentials that are needed for different positions.

MuHS Beta Club and NHS Christmas Food Drive

The Mullins High School Beta Club and National Honor Society partnered together to sponsor a school-wide Christmas food drive to benefit four more local families during the holiday season. With the support of members of the two organizations and school staff and students, more families will be able to share a meal or two together this holiday season. While food boxes may not eliminate all of a family's challenges, they can reduce them at least for a day or two.

The NHS and Beta Club members would like to thank everyone at Mullins High School who supported our efforts and helped to make our food drive a success. There is no better feeling than the one that comes from uniting to make a difference in the lives of others. It is our hope that this is only the beginning of many meaningful and life-impacting projects to come.
