Earthquake Awareness Week

October 14—20, 2018 is Earthquake Awareness Week which is used to help make everyone aware that South Carolina is vulnerable to earthquakes. On Thursday, there was the Great ShakeOut, a drill designed to make everyone in the state aware of and practice simple, life-saving steps you can take if an earthquake was to occur: Drop, Cover and Hold On.

Students and staff partook in the Great ShakeOut at the Academy for Careers & Technology

Voters' Registration

On Tuesday, October 16th, Mullins High School held its annual Voters Registration Drive. This event ensures that graduating seniors are well-informed about the voting process and prepared to vote when the time arises. Hats off to Mr. Kenny-Page for organizing this event!

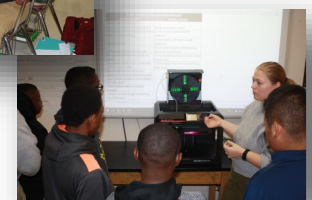

What's happening in our classrooms

How do you learn anatomy positions?

You cut up monsters using medical terminology.

The sports medicine students learned anatomy positions by cutting up clay models, then doing a gallery walk to see if their classmates labeled the body parts correctly.

We are getting Techy at the Bridge! Check out these students who are getting a lesson via Virtual Reality and learning about a 3-D Printer.

A RED RIBBON RALLY was held today at Marion Intermediate School to kick off RED RIBBON WEEK. This year's theme is "Life is YOUR Journey, travel DRUG FREE"
