

MATH & SCIENCE NEWLETTER

Ms. Tobias' Classroom

THANK YOU!

Thank you, parents, for joining us this past week at parent conferences! It was so nice to meet you all. It was a blessing to be able to come together to help your learners be the best students that they can be! I appreciate your support with their learning at home more than you know! Your kiddos are wonderful and I am excited to continue to teach them this year.

NEXT WEEK

We will study:

- Whole group introduction: Multi-digit addition and subtraction using algorithms.
- Continued Review & Re-teach: Multiplicative Comparative Statements
- Science: Engineering and Design Process

HOMEWORK TIP OF THE WEEK

I-Ready conferences will help guide you through bridging foundational gaps in learning! Also, don't forget to use your class notes! Weekly math homework will start this week based on individualized needs.

THIS WEEK

We studied:

- Study Skills: Test taking strategies
- Science: Claims and Investigations: Birds
- On Level: Multiplicative Comparative Statements
- Remediation: Place Value Review
- Extension: Adding and subtracting multi-digit whole numbers
