Reopening Plan Update/Timeline:

- Friday, July 10 - SDE provided a memo requesting Re-opening plans to be submitted by July 17. The memo included the option for districts to apply for an extension. Marion like the majority of the districts in the state requested an extension, due to the MCBOE meeting being scheduled for Tuesday, July 21.
- Wednesday, July 22 - The Marion County School District Safe Start Plan was submitted to the SDE. Along with the required state paperwork, a copy of the Board presentation was submitted as well.
- Friday, July 31 - The Marion County School District Safe Start Plan was approved with a contingency that the District has a plan in place to offer an in-person option no later than September 14, 2020. Based on this contingency the District will offer one day of intervention and support each Wednesday in order to meet this contingency.
- Wednesday, August 12 - Additional guidance was provided from the SDE that there is a new expectation that every two weeks after the official start date, all districts must reevaluate the status of their face to face offerings and make necessary adjustments.

General Updates:

- The Marion County School District Virtual Academy Program received an overwhelming response from families. On the closing day for enrollment, there were over 2100 applications received. Due to the overwhelming response to the MSCD Virtual Academy Program (VAP) it is requiring each school in the district to operate with a combination of traditional and virtual staff to meet dual models of instructional delivery that will be offered this year. Though this is new territory for the district, and many fluid or moving parts, we still remain excited about our ability to offer choice for our families!
- LEAP (Learn, Evaluate, Analyze and Prepare) Week is fast approaching. To provide clarity on LEAP days: The South Carolina General Assembly approved the funding for five additional face to face days before the start of the 2020-2021 school year for students in grades Pre-K through 8th grade. LEAP days will be held Wednesday, August 26, 2020 – Tuesday, September 1, 2020. Principals have the responsibility of scheduling and grouping students for LEAP days based on the staffing and varying needs of the individual locations. Currently, we are asking to the extent possible, that schools not exceed over 50% of their total enrollment to be on campus during student attendance days.
- Safe Start Reopening Guide: Our district team and external stakeholders did a great job in developing the Safe Start Reopening Guide. This guide was developed in our efforts to communicate important information related to the reopening process. The guide is complete and will be released to staff next week. The contents of the guide address the following key areas;
Superintendent’s Monthly Update to the Board
Tuesday, August 18, 2020
We Are Marion County! Educate • Prepare • Inspire

- Academics
- Social Emotional Health and Student Supports
- Health and Safety Protocols
- Food and Nutrition and Transportation
- Communications
- General Logistics

There is also a “Staff Addendum” to the guide that addresses the following:
- Clearly defined Staff Roles and Responsibilities
- General Operational Tidbits for Schools and Staff

*MCBOE members will receive a hard copy of this guide at the meeting.

- Staff Children enrolled in MCSD: Several staff members have inquired about possible child care issues once school resumes due to school opening with a remote learning model. At this time, we are asking staff to look at all their options for childcare to include the assistance of family and friends, childcare centers and babysitters. However, after all other options have been exhausted, we will allow each school to open a computer lab for children of staff to come to school to do their school work. Children must meet the following criteria:
  - Enrolled in a Marion County School District School
  - A student in grades 4K – 5th grade only
  - Although all staff play an important role in our schools, classroom teachers will be given 1st priority.

Labs will be occupied at 50% capacity. Therefore, no more than 12 students may attend. Slots will be assigned on a first-come, first-serve basis after staff members have discussed their specific need with the Administrator. Administrators will assign a support staff member to monitor students in the lab. Administrators may choose to rotate this person if needed according to scheduling needs. No child will be allowed to be in their parent’s work space at any time during the school day.

Parents will be responsible for their child’s materials, snacks, lunch, etc. The school will not be providing this for students. Children must follow all social distancing protocols and wear masks while in the building / lab. Although we anticipate that all children will follow guidelines, Administrators can deny this privilege for children who may have difficulty.

- Executive Session for:
  - Personnel
  - Legal Guidance (Operating a Paid Childcare Program for families)
  - Contractual Matter
Superintendent’s Monthly Update to the Board
Tuesday, August 18, 2020
We Are Marion County! Educate • Prepare • Inspire

**Teaching and Learning:**

- 2500 hotspots have arrived to be distributed to students for the Fall semester.
- 48% of the student body chose the Virtual Academy option.
- Professional development has been held to assist teachers with transition to virtual instruction.
- LEAP Week will be held August 26 - September 1. A percentage of students will be on campus for testing and assessment.

**Human Resources:** The Office of Human Resources was excited to work closely with new employees and first year teachers this month. New Employee Orientation was held on Wednesday, August 5th. First year teachers in the profession also attended their first Induction I class on Tuesday, August 4th. They were able to meet their mentors in person to begin connecting and working together.

**Technology:** We are continuing the summer imaging process at all schools and laptop prep. The new devices for 1:1 rollout for grades 6-12 have been ordered and have begun shipping to the configuration center. We’ve completed our image prep on the test device and have sent it off to the configuration center so that the other 2299 devices can be imaged and delivered to the schools. ETA is still unknown at this point as not all of the devices have shipped at this point and none of the protective covers have shipped.

**Student Services:** MCSD provided the SDE with information regarding our current implementation of Social-Emotional Learning practices and supports within our district. Overall, respondents indicated on all eight items that SEL supports have been partially planned or implemented in our district. The SEL design team, which is comprised of a diverse group of stakeholders, has been using the data submitted to the SDE to guide our efforts in communicating SEL as a district-focus while supporting schools with their implementation efforts.

**Federal Programs:** The Office of Federal Programs is diligently working on several projects simultaneously to include claims and new plans for federal funding, virtual services for SPED students, and roles and responsibilities for virtual delivery of those services.
