Code of Laws, 1976, Section 30-4-80 (d) as amended, the local media were notified of the time, date and place of the meeting. Mrs. Dianne Hopper stated that the media was notified of the date, time and place of the meeting and a copy of the Agenda was also provided.

**Approval of Minutes:** Chairperson Legette asked for a motion to approve the regular minutes for September 18, 2018. Mr. White moved, seconded by Mr. Davis to approve this request. Chairperson Legette stated that in the August minutes, there were some changes that needed to be changed and updated. After talking with Mrs. Hopper, Chairperson Legette confirmed that the changes had been updated. Before voting on the minutes, Chairperson Legette stated that Attorney Boykins wanted to make a statement.

Attorney Boykin began by reflecting back to the minutes where Mrs. Atkinson stated that she did not get the opportunity to vote on the decision to cancel the Board meeting and that she was obligated to her constituents whom she represented. She said that she should have been included in the voting process. He stated that the Board Policy BE contemplates changing the time and place of the regular meeting upon a majority vote of the board. The Board can only vote at a duly called meeting. Accordingly, Policy BE does not address the Board’s authority to change the time of the meeting in response to exigent circumstances, such as the severe weather event which affected Marion County last week. Accordingly, the Board Chair’s phone call to the Board members was not 1to take a vote as such would constitute an illegal vote. Rather, the phone call was to notify the Board members of
the cancellation. Because this change was due to exigent circumstances, it was appropriate that the Board Chair in collaboration with the Superintendent change the time and date of the September meeting. This action was not a violation of Board Policy BE. Chairperson Legette asked Attorney Boykins whether the Board minutes of September 25, 2018 needed to be amended or remain as they are. Attorney Boykin stated that minutes remain and we refer back to September 25, 2018 meeting. The minutes for tonight will reflect the correction and refer back to the previous meeting.

Chair Legette stated that there was a motion by Mr. White and a second by Mr. Davis on the floor that needed a vote. The Board voted unanimously to approve the Minutes (Mr. C. White, Chairperson Legette, Mrs. Neal, Rev. Brown, Mrs. O. White, Vice-Chairperson Davis and Mrs. Atkinson).

We have just completed and submitted our quarterly claims for the Title I Program. These are expenses that are paid out of the General Funds first, then submitted to be reimbursed from Title I. Our year to date revenue was $5,405,090 and year to date expenditures are $5,609,868. Things are going well so far. Mr. Steve Uldrick, our Financial Consultant is still working with us and will be with us when the Auditors come on November 5, 2018.

Facilities/Operations Report: Mr. Al Blake gave a brief review of the Facilities / Operations report in Mr. Sturkey’s absence. He began by stating that bids will be received on October 30, 2018 at 11:00 a.m. for the Mandatory Pre-Bid walk.

He also reported that the Sheriff’s Department has partnered with the District to provide a SRO beginning October 15, 2018 for Marion Intermediate School. The funding will come from the State Department of Education.

All schools will have the Raptor System installed and personnel will be able to check the background of all visitors to determine if visitors are on the sex offender registry.

Mr. Blake discussed the storm damage briefly and stated that everything else in the report was self-explanatory. See Attached.

Dr. Bethea stated that she wished to add a few comments to the Operations Report in regards to Britton’s Neck Elementary. She emphasized the importance of communication and stated that each week she provides the Principal with an update on the activity surrounding the facility. She explained that Britton’s Neck Elementary is scheduled to have two assessments done in terms of air quality and mold. She explained that one company had already been to the campus for an assessment and mold was present in several areas. Dr. Bethea stressed the sensitivity of this matter, and upon notifying the Board of the results of the assessments, she would speak with the Attorney in regards to the best way to share information on the findings.

As a recap, Dr. Bethea explained that right now Britton’s Neck students are being housed at Marion Intermediate and Easterling Primary, which were the only two facilities in the District that could house that number of students without making any major adjustments. She expressed that she feels that one of the challenges for parents has been waiting to know the next steps. She informed the Board that she will continue to bring them updates as they become available with the goal being to have
a clear direction of next steps, hopefully by the end of November in regards to the cleaning of the building or to determine if we need to look at something more long term.

In closing, she explained the importance of being able to provide definitive answers to eliminate individuals from speculating and communicating inaccurate information - dealing with the real facts. She stated that as information is forth coming, the district will share as soon as possible.

Chairperson Legette thanked Dr. Bethea for providing them with an update. She also emphasized that that the Board was aware of the concerns for Britton’s Neck Elementary School and that they have had several conversations with Dr. Bethea in reference to this. She emphasized that as Board members, their first concern is the children and they as Board members could not allow children to go into a facility that is possibly not safe. She stated that the community would be kept abreast.

Dr. Bethea shared one additional comment with the Board in reference to the concerns of the community. She stated that each week she shares an update with Mrs. Merritt, yet feels that it is also important to hear directly from parents. She shared that several parents have been very good about contacting her and she encourages that. She extended an open invitation to parents to host a Living Room Listening Session in October or November. These sessions would present an opportunity for a small group discussion on concerns and/or questions surrounding Britton’s Neck.

Rev. Brown stated that she taught at Britton’s Neck High School several years ago. While teaching there she was hospitalized for 14 days. She stated that she was teaching in a classroom that had a lot of mold in it, so mold is serious. She also emphasized the seriousness of mold on a person’s health.

Vice-Chairperson Davis asked Dr. Bethea for clarification concerning the sessions in the Britton’s Neck area with parents. Dr. Bethea stated that she did say in the Britton’s Neck area, but it was inclusive for parents throughout the Britton’s Neck attendance zone.

Dr. Bethea encouraged parents to host a session. She made reference to Rev. Jones (Bethel AME) as being a point of reference to solicit parent participation.

Chairperson Legette stated that we want to make sure that our children are well and educated in a safe environment.
