Operations Report

Review and Action for Marion County School District Process for Listing Property for Sale

The district needs to develop a process of listing unused property that is to be sold. According to the Marion County Tax Assessor, Ruben Butler, commercial property averages nearly two years on the market. It needs to be determined if the property will be listed with a real estate agent during the entire process, or will district place for sale signs on the property first?

Policy DN School Properties Disposition highlight below

Issued 5/16

Purpose: To establish the basic structure for disposal of property that is no longer needed.

Disposal or surplus or obsolete real and personal property will be the responsibility of the superintendent after first determining that such property is no longer any use to the district. The board will, if deemed appropriate, declare the designated property to be surplus or obsolete and authorized the administration to take action in disposing of property.

The district will apply proceeds of any such sale or lease before making such sale or lease to the general fund of the district.

The district will obtain consent of the board before making such sale or lease.

The State Board of Education must approve, in writing, the reassignment or disposal of parcels of land purchased after 1952 with state funds.

The district must follow any other South Carolina Department of Education Office of District Facilities Management regulations regarding disposal of property.

(Cf. DID)

Adopted 6/19/12; Revised 5/10/16

Section 59-19-250 – Sale or lease of school property by trustees.

Property Appraisals

Mr. Ronnie Cribb from Swamp Fox Realty and Appraisals is developing a schedule for the appraisals of Britton’s Neck Elementary School on September 28th. Mr. Cribb expects to have the appraisal complete prior to the end of October.
**Mullins High School Football Lights Replacement**

West Electrical Contractors from Newberry completed the installation of the Mullins High School Football lights on September 30th. The project was delayed due to production of the materials. The project was completed prior to the first home football game.

**Transportation Update:**

The following are updates from transportation:

- The new four camera system has been installed on buses. The cameras provides visibility to areas that were previously not able to be seen.
- There are currently no vacancies in transportation.
- We are following all SCDE protocols for seating capacities, cleaning, and disinfecting of buses. According to SCDE on a 77 passenger bus, the capacity for middle or high school students is 38 or 39 students, and 49-51 elementary students. For a 72 passenger bus the capacity for middle and high school students is 36 or 37 students and 48 for elementary school students. Buses are to be cleaned with hydrostatic sprayers after students are dropped at school in the mornings, and when the buses return after taking students home each day.

**Food Services**

The following are updates from food services:

- On regular E-learning/Virtual Days in September it was real slow at first and averaged 500 for breakfast and between 750-1,000 for lunch per day.
- On LEAP Days/Wednesdays we averaged 1,200-1,500 per day for breakfast and lunch.
- On LEAP Weeks we averaged 6,000 at breakfast and 6,000-7,500 for lunch for the week.
- Positions vacated after the 2019-2020 school year were not filled at the start of the 2020-2021 school year. The following are current vacancies in food services:

Review and Action of Form Policy FF Naming Facilities

Policy FF Naming Facilities highlighted below.

Issued 6/12

Purpose: To establish the basic structure for the naming of district facilities.

The board is responsible for naming school facilities.

Naming a school is a matter of great importance. It is a matter that deserves thoughtful attention from the board and the administration. Personal prejudice or favoritism, political pressure or temporary popularity should not be an influence in choosing a school name. Generally, the board prefers to name school facilities for recognized geographical areas.

Under certain circumstances, the board will consider requests from school and community groups to name a portion of a building, a single building on a campus with multiple buildings, or a specific area on the campus for a person who is not living. The proposed name should have special significance and/or the person has made an outstanding contribution to the school or school system and has been deceased for at least three years. The group making the request must agree to provide appropriate recognition such as a plaque, portrait, or marker for the school. The board will consider the request only after approval by the administration.

The superintendent will prepare and the board will approve a procedure for the board to follow when naming school properties or portions thereof. An orderly, announced procedure will lessen community or factional pressures which so quickly build up when the selection is delayed or seems uncertain. A prompt decision will reduce disappointments and advance community solidarity. Much confusion in accounts, files and records can be avoided if a new school can be identified by name before the planning starts.

Adopted 6/18/12
Performance Based Contracting

Trane presented to a team from Marion County School District on October 2 via Microsoft Teams. Trane will provide a report to the district on October 20th, and a summary of the findings will be provided to the board at the November meeting.

Review and action for unusable or obsolete property

The district received guidance from Boykin and Davis regarding the disposal of unusable or obsolete property located behinds the Mullins Maintenance shop. It is the opinion of Boykin and Davis that the district may sell the property without an auction, as long as a statement is placed in the records justifying the method of disposal.

Boykin and Davis also provide guidance on the disposal of old desk. With many of our families choosing the virtual school option, the district has had many families inquiring about desk. According to the opinion of Boykin and Davis, the district can establish a low value of the desk and make them available for sale or may give the desks away in a lottery system to those persons requesting to have their names placed into consideration.

A copy of the letter from Boykin and Davis is attached to this report.

PPE provided to the district

The following are personal protective equipment provided to the district by the state department of education:

- 600 gowns for nurses
- 7,500 KN95 Disposable Masks
- 10,000 Non-Medical Disposable Masks
- 10,000 Child Non-Medical Face Masks
- 2,000 Safety Goggles
- 3,100 Face Shields for Adults
- 100 Face Shields for pre-k-5th grade students
- 20,000 Disinfecting wipes
- 5,000 Hand Sanitizer, 16 ounces
- 60 Ryobi Disinfecting Hydrostatic Backpacks
- 7,200 tri-fold desk shields, 20”x 23.5”

Marion County Coordinating Council

The district received a request from the Executive Board of the Marion County Coordinating Council requesting to rent space to accommodate the need for food, supplies, and emergency safety supplies to make these resources more accessible.
Superintendent’s Monthly Update to the Board
Tuesday, October 20, 2020
We Are Marion County! Educate • Prepare • Inspire

Administrative Reminders/Updates:
- In preparation for the transition to the Hybrid Model, the SCDE provided truckloads of student desk shields, PPE, and other health and safety supplies for all schools in the district. Overall, the transition has gone well, with no extreme incidents. The Pandemic Design Team leaders meet each week to discuss the DHEC metrics as well as district level factors related to the virus. As of 10/15/2020 Marion County has moved back in to the high category. For the week of October 19-23, 2020 we will maintain the current Hybrid Model, yet the team will reconvene after the next week’s DHEC data is released. Please know that the district can constantly shift between phases depending of the virus activity within our community and circumstances that impact schools.
- The 2300 new student devices (lap tops) have finally arrived! The Technology team will work closely with principals to get devices distributed to all non-Virtual Academy students within the next week. All students in Marion County School District will be offered a device.
- MUSC—Marion has entered into a partnership with our school district for MCSD employees and students to have COVID testing if needed. There is no cost to the district, yet MUSC will bill the insurance directly and there will be no copay, for those who have insurance. If staff go to the testing site, they must identify themselves as an employee of MCSD and sign a release for the results to be given to our lead nurse. Students 17 and under must have a parent with them. In addition to the students and staff, MUSC will test any family members or anyone else that lives with them.
  Testing sites:
  MUSC Marion Medical Center - 2829 East, US-76, Mullins, SC 29574 Monday – Friday 8a-10a
  Cedar Tower (Old Bruce Hall hospital) 121 Cedar Street Florence SC 29501 – Monday Friday 8a-3p
- The South Department of Education released several optional supplemental allocations that districts could apply for as a reimbursement. We have submitted application for reimbursement in the following areas: Supplemental Services, Personal Protection Equipment, and Technology. If awarded, these funds would allow the district to reallocate and spend funds related to Coronavirus Relief.
  Request for Executive Sessions: Personnel, Contractual (Board use of public facility), and Legal Matter
  *Any information regarding the Board Chair’s Housekeeping for Excellence document will be provided at the meeting.

Human Resources:
October is Open Enrollment month and allows employees to make changes to their insurance coverages. Also during October, outside vendors offering additional employee benefits such as accident, stroke and cancer policies are allowed to contact employees to discuss additional benefit options. We continue to work with our new hires through our school based On-Boarding teams so that their transition into our District will continue to be successful.

Student Services:
October is Bullying Awareness and Prevention Month. Literature and resources have been provided by counseling staff to teachers, as well as posted on the Student Services district webpage. All staff, students and community members can anonymously report bullying on our district’s website using the app See Something, Say Something or using our reporting app, Stop It.

Technology:
Our department has begun to operate a helpdesk a couple of hours per day Monday through Thursday to help troubleshoot student device problems. Additionally, we have a TechDesk email account that can be used to contact us at any time. The remaining student devices have finally arrived. We have started processing them and hope to have them to the schools shortly.

Public Relations:
The Marion County School District Website is still in the process of being updated. Plans for training along with individualized sessions with schools and departments to tweak the website are in place.

Federal Programs:
The Special Services Department will provide an update at the Board meeting.
