January Focus: RESET

Principal's Corner

Hello Parents, Community Members, and All Stakeholders.

Happy New Year!

I hope everyone is excited about the 2023 year of progression. This month we will focus on the mindset of RESET. It is important to review the past year and see how we can improve on any areas of concern. Our goal for the spring semester is to lessen disciplinary actions and create a safe environment. We will also focus on the execution of effective instructional practices. January 4, 2023 marks the beginning of the 3rd nine weeks and we want all of our scholars to be successful. Please check the MIS Webpage for any updates and upcoming events. Each day we are rooting for our scholars to be the best they can be.

Daily Reminders:

- Scholars can be dropped off beginning at 6:55am
- Tardy bell rings at 7:45am
- Scholars must be inside of the classroom before 7:45am

Imagine the places we can go if the implementation of instruction is done intentionally and executed with fidelity.

Mr. Robert D. Dunkin

Get Up With Guidance!

This month's guidance word is Synergize (Habit 6). Synergizing is the ability to work together to develop solutions that meet the needs of everyone involved.

Our team building activities this month will push scholars to think of solutions to problems by considering everyone's input. Synergize or Teamwork is an important skill that promotes productivity in the classroom, workplace, sports, military, at home, and in many other areas of our lives.

Marion Intermediate School Creed We believe.

Cool Tips From the Nurse

It's a New Year and time for resolutions to make improvements in your health! Exercise is one of the top three most important self-care tactics. Everyone, regardless of age, can do some type of exercise. Walking is considered the best overall exercise. It's easy to do, doesn't cost anything, only requires a good pair of sneakers, and you can do it alone or with as many people as you want. If you don't schedule a time to walk, make an effort to get as many steps in your day by; taking stairs instead of elevator, parking your car farther away, and getting up from your chair frequently to make short walks through your house or office. Make a new year's resolution to move and exercise this year!
